

TASKI

The **ULTIMATE**
Cleaning Machines™

AERO 3500micro

Uplifting productivity

HOSPITALITY

Transform your cleaning for improved productivity & cleaning excellence.

Spend less time cleaning and more time on your core business. Large areas take a lot of time to clean, especially when done manually. This requires a lot of effort from your staff who support your business so significantly.

Guest experience

Enhance your guests experience and promote your brands hygiene standards. You work hard to create a memorable experience for your guests and you know how much they value a clean and hygienic establishment. First impressions count so make the change and mechanise your floor cleaning, it will transform the appearance of your floors. Your guests will really notice the difference which will keep them coming back.

Operational efficiency

Increase operational efficiency and spend less time cleaning. Allow more time for what really matters, looking after your guests and guaranteeing their return. Vacuuming large areas like hallways, meeting rooms or convention centers can be very time consuming. With a ride-on vacuum sweeper you can save hours in vacuuming allowing staff to focus on your core business. TASKI AERO 3500 can deliver up to 70% more productivity over traditional vacuums.

Asset protection

First impressions count so Protect your assets. The AERO 3500micro will keep your floors looking cleaner for longer and help prevent premature replacement.

People & Safety

Protect your team and guests with improved hygiene and air quality - upgrade to a HEPA H13 filter in one simple low-cost step and improve your IAQ. Good filtration = good IAQ. Better filtration = better IAQ and no cable to worry about means you can clean whenever you want. The TASKI Whisper technology reduces sound by nearly 40% compared to industry standard allowing using the machine without disturbing your guest.

Versatile in use

The AERO 3500 delivers great performance on open areas, but is also a great option for congested areas. It comes with manual accessories included giving you the possibility to switch from floor tool to hand nozzle, allowing for fast pick up of debris in confined areas.

TASKI is one of four core areas of the Diversey business.
