

TROOPER 12/22

Mains-powered wet and dry tub vacuum cleaner

Step up your cleaning game with the all-new TASKI TROOPER Wet & Dry Tub Vacuums – your ultimate cost-effective solution for powerful, everyday vacuuming. Engineered with proven technology and a durable design, the TASKI TROOPER delivers unmatched performance across all vacuuming needs – wet or dry. Built using 30% recycled plastic, the TROOPER helps reduce waste and lower your carbon footprint, allowing you to clean smarter and greener. They also feature a high-performance, low-noise motor, ensuring deep, reliable cleaning results without disrupting your environment.

Key features & benefits:

- Versatility
- Increased productivity
- Improved air quality
- Sustainability

Versatility

TASKI TROOPER is a powerful, durable, and versatile wet & dry vacuum designed to handle a wide range of cleaning tasks with ease. Quickly switch to dry vacuuming by adding a paper bag, or tackle tight spaces and delicate surfaces using a variety of attachments like the crevice nozzle and round brush. Need to clear leaves or dust? Simply connect the hose to the back port and the TROOPER transforms into a blower—no extra accessories needed.

Increased productivity

High suction power, combined with excellent maneuverability and large container capacity increase the efficiency of operation.

Improved air quality

Breathe easy, as the TASKI TROOPER can be attached to an optional washable HEPA H13 cartridge filter for superior indoor air quality providing a cleaner and healthier environment for all.

Sustainability

The TASKI TROOPER is made of 30% recycled plastic, for reduced environmental impact. It is compliant with RoHS and REACH standards.
